Short-Term, Non-Credit Training Opportunities
Bryan University offers a variety of short-term, not-for-credit courses that allow students to acquire specific workforce or professional skills they desire. These courses are available for fields, such as business, healthcare, and technology, and are also an option if a prospective student is preparing for a certification or just wishes to brush up on their knowledge. Not every course is available at each campus, so a student must discuss their interests and options with a member of the school prior to enrolling.

Short-Term, non-credit courses or programs do not provide, earn or result in the award of college credit upon completion of the courses or programs. This training does not transfer to any of the school’s accredited programs and short-term, non-credit courses or programs are not eligible for Federal Student Aid. Employment after completion of this program is not guaranteed by the school. The school’s career services office is reserved for students enrolled in a diploma or degree programs; however, the school will provide a resume workshop to students in a short-term, non-credit course or program.

For more information about Bryan University graduation rates, the median debt of students who completed our programs, transferability of credits and other important information, please visit our website at www.bryanu.edu/disclosure.

Enrollment Requirements
In general, enrollment into the University’s short, non-credit bearing courses are open and without restrictions. However, some courses/programs have specific requirements that must be met prior to a student being permitted to enroll into that course or program of study. These requirements are outlined by program in this addendum. These requirements are also set and controlled by third parties and may be subject to change without notice.

Short-term, Non-Credit Course Policies and Procedures:
For those students completing short-term, non-credit opportunities online, the following information technology requirements must be met:

Computer System Minimum Requirements
- 2.0 GHz Intel or AMD processor
- Memory: 512MB RAM (1 GB recommended)
- Memory for XP: 1 GB (2 GB recommended)
- Memory for Vista (Home Premium or higher with service pak 2 or higher) or Windows 7: 2 GB (4 GB recommended)
- 60 GB Hard Drive
- Internet Explorer 7 or higher
- DVD Player
- Sound Card and Speakers
- 56 Kbps Internet Connection
- The ability to download and install program-specific software, as required by an individual’s program of study

*** MAC and Linux users: Not all publishers’ software maybe compatible with these systems. Students must assume responsibility for having access to appropriate technology in these situations. Computers are also available for use in the local campus computer labs during normal business hours. For additional information, please contact the University via email at DL@bryanu.edu or by phone at 417-862-0755 / 1-855-862-0755.

Students are required to follow the Student Code of Conduct and Dress Code requirements found in the University catalog.

Grading, unless otherwise indicated, is “pass/fail.” Evaluation and assessment points are outlined by program/course in this addendum.
Short Course Cancellation and Refund Policy
Short courses are not eligible to receive Federal Title IV funds. A full refund of the registration fee will be provided if a student is not accepted into the training program or course.

Student’s Right to Cancel
ANY BUYER MAY CANCEL THIS TRANSACTION ANY TIME PRIOR TO MIDNIGHT OF THE THIRD BUSINESS DAY EXCLUDING SATURDAYS, SUNDAYS, OR LEGAL HOLIDAYS AFTER THE DATE OF THIS TRANSACTION.

To cancel your enrollment with Bryan University, the student must mail or deliver signed and dated written notification to the Bryan University Registrar. If it is mailed, such notice is effective as of the date the Registrar receives the notification, if properly addressed with proper postage.

The enrollment agreement may be terminated by the University for use of controlled substances on campus, conduct detrimental to the University, non-compliance of financial obligations, or non-compliance of school policies. If a student is dismissed, the student may submit an appeal package to the Registrar.

Three Day Cancellation Policy
Any buyer may cancel this transaction, and receive all monies paid to the institution, any time prior to midnight of the third business day (excluding weekends and holidays) after signing an enrollment agreement. An applicant canceling more than three days after signing an enrollment agreement and making an initial payment, but prior to starting classes is entitled to a refund of all monies paid, excluding the application fee.

Refund Policy
Refund amounts will be based upon the period of enrollment computed on basis of course time. Students enrolled in one-day program trainings or courses are not eligible for a refund and will be charged for the program training or course enrolled.

The effective date of termination for refund purposes will be the earliest of the following:
- the last day of attendance; or
- the date of receipt of written notice from the student

If the student fails to enter the program training or course, withdraws, or is discontinued at any time before completion of the program training or course, the student will be refunded the pro rata portion of program training or course.

ESL3

Location
Rogers, AR and Springfield, MO (to include Online delivery)

Course Overview
This course is designed to help students whose first language is not English in five fundamental areas of English. The purpose of this course is to support advanced academic writing, by developing and refining the grammar and editing skills necessary to detect and remedy common ESL writing problems. While the focus will be on accuracy, this course will also include logical analysis of the components of a composition, and editing for improved clarity and effectiveness. The student will practice strategies for speaking clear and appropriate English in a variety of academic situations. Attention to fluency, pronunciation and intonation will also be emphasized. This course includes a wide range of fictional and nonfictional reading. Emphasis is on the analysis and evaluation of both form and content as well as on pre-reading strategies and vocabulary development. Study skills include note-taking, paraphrasing, and summarizing. A continuation of Intermediate English, this course reviews the paragraph as a component of the English essay. Emphasis is on the planning, development and revision of multi-paragraph compositions. Students will focus on particular problems with their writing and practice editing.

This course is designed to prepare for students reading college-level material effectively and efficiently. Specific approaches to reading will be taught for both factual and fictional writing. Emphasis will be on the short story. This course focuses on the process of writing. However, integral to the writing process are the skills of reading and listening, actively, and critically. Collaboration and teamwork will be important components of this course. These skills enhance writing ability and also contribute generally to success in both education and employment. Students will be expected, therefore, to read, research, discuss, and work co-operatively, as part of the composition process. Students scoring between 7.6 – 10 on the Tell Me More placement test will be placed into this course.
