In all instances, it is the student’s responsibility to obtain all official transcripts and any/all supporting documentation (e.g., course descriptions and/or syllabi) related to their transfer of credit request. Transcripts and supporting documentation must be sent to the attention of the Registrar at the campus the student wishes to attend. Transcripts stamped “issued to student” or “student copy” are not acceptable for consideration. In addition, photocopies of official transcripts or official transcripts opened prior to receipt by Bryan University will not be considered. Students should note that there may be a charge to obtain official transcripts from some institutions.

All steps, including evaluation and transfer credit awards, must be completed prior to beginning a program of study to ensure timely and accurate academic and financial processing. Students receiving transfer credits will not be charged tuition for the course(s) they are transferring; however, a transfer fee will be charged (fees are outlined in the catalog supplement).
