

BRYAN UNIVERSITY

2013 Catalog Supplement

Version 33
Effective: 3/25/2014

www.bryanu.edu

EFFECTIVE 3/25/2014, Pages 83, 85, and 87 of the catalog have been revised as follows:

Program is offered at the **Springfield** campus and **Online**.

EFFECTIVE 3/25/2014, The Grand Total on page 86 of the catalog now reads as follows:

2200

EFFECTIVE 3/14/2014, The following course description has been revised in the catalog:

CN270 Microsoft Application Infrastructure – 4.5 Credit Hours - This course will prepare IT professionals for the role of Enterprise Administrator. Students will learn how to design application infrastructure solutions based on Windows Server to meet varying business and technical requirements with a focus on application.

EFFECTIVE 3/14/2014, Page 6 of the catalog now reads as follows:

Memberships and Affiliations

Bryan University is an institutional member of the following organizations:

- Imagine America Foundation (IAF)
- Microsoft Authorized Reseller

EFFECTIVE 3/14/2014, Page 32 of the catalog now reads as follows:

Externships

Externships sites are assigned by Bryan University and may be scheduled to meet any day, Monday through Sunday based upon site availability. Externship site assignment is non-negotiable and students are expected to participate in the externship assignments as they are assigned. Refusal of any externship site may lead to termination from the program. Externships are usually available only during the day with evening or weekend externs not generally available or scheduled. Students are expected to attend all required externship hours as scheduled by the University. Students are responsible for transportation to and from their externship site and may be required to drive up to 100 miles each way. The University is not responsible for transportation costs, such as gas, mileage, meals, or other fees that might be associated with the student completing the required externship hours. Students are not paid any salary or stipend during their externship. Students must also be aware that some externship sites may require the completion of a background check to be placed on externship.

The University will provide assistance in securing sites, but it cannot guarantee that there will be clinical sites available at a particular time, whether due to overload of sites, local economic conditions, state regulatory actions, failure of students to meet site guidelines, or for any reason outside the University's control.

As of May 1, 2014, students participating in PT299 will be required to travel to the Professional Fitness Institute in Kansas City, MO to complete 60 hours of their required externship hours. Prior to May 1, 2014, students participating in PT299 will be required to travel to the Professional Fitness Institute in Las Vegas, NV to complete 60 hours of their required externship hours. Flight arrangements, room and board are covered by the University (with no additional charges experienced by the student for these services).

EFFECTIVE 2/8/2014, The “All Programs” section on page 9 of the catalog now reads as follows:

All programs

Prospective students are encouraged to review the most current Bryan University catalog and associated supplement (and addendum, if applicable) carefully prior to signing an enrollment agreement. It is an explicit expectation of Bryan University that all prospective students complete and submit all admissions paperwork carefully, accurately, and truthfully to the best of their knowledge.

To qualify for acceptance to the University, all applicants seeking to matriculate into a program must meet the following requirements prior to the first day of attendance at Bryan University.

1. Complete a face-to-face interview for campus-based applicants or an interactive web-based interview for online applicants;
2. Complete and submit an application for admission;
3. Submit an application fee (required for campus-based enrollments only);
4. Acknowledge that the presence of any adverse background activity or positive drug screen may prohibit a student’s participation in externships, career services activities, license and certification eligibility and/or any other program-specific activities or requirements the University has established;
5. Self-certify the attainment of a high school diploma, completion of a home schooling program, or a General Education Development (GED) certificate or an equivalent (unless seeking admission under the ATB policy outlined herein);
6. Be 18 years of age or beyond the age of compulsory school attendance in the state where the Bryan University campus is located. For students who finished homeschooling at a younger age, Bryan University considers them to be beyond the age of compulsory attendance if the state in which the institution is located does not require them to further attend secondary school or continue to be homeschooled.

EFFECTIVE 2/6/2014, The following pages in the catalog have been updated:

Page 63 (Medical Assistant Diploma - 40): Program is offered at **Topeka** only.

Page 65 (Medical Office Assistant Diploma – 30): Program is offered at **Topeka** only.

Page 79 (Medical Administrative Specialist AAS – 70): Program is offered at **Columbia, Rogers, and Springfield** campuses.

Page 80 (Medical Administrative Specialist AAS – 70): Program is offered at **Topeka** only.

Page 81 (Medical Assistant AAS – 70): Program is offered at **Columbia, Rogers, and Springfield** campuses.

Page 82 (Medical Assistant AAS – 70): Program is offered at **Topeka** only.

EFFECTIVE 1/22/2014, The following courses have been updated in the catalog:

MA150 Basic Insurance - 4.5 Credit Hours

This course is designed to teach the student how to complete forms for various types of medical health insurance. The course will familiarize the student with the history of health insurance in America, the importance of accurate completion of claims, and the terminology that is common to all insurance carriers. **Prerequisite(s): MA100 Medical Terminology; MA110/AP101 Anatomy and Physiology; MA115/AP105 Anatomy and Physiology**

MA212 Coding & Billing - 4.5 Credit Hours

This course introduces students to the health profession with specific emphasis in Medical Coding and Billing. Students will learn fundamental skills while developing an understanding of the importance of each role within various healthcare settings. Advanced theory and practices of commercial medical insurance, insurance terminology, CPT and ICD-9 coding systems, billing and collections will be discussed. Government programs, federal regulations and the impact of HIPAA regulations will be explored. **Prerequisite(s): MA100 Medical Terminology; MA110/AP101 Anatomy and Physiology; MA115/AP105 Anatomy and Physiology; MA150 Basic Insurance**

MA213 Medical Office Assistant Certification Preparation - 4.5 Credit Hours

This course is designed to give the student a comprehensive approach to reviewing the key competencies of a medical assisting program to prepare the student to take the American Medical Technologist's CMAS certification exam. The course will include basic theory review, self evaluation and answers and rationales. **Prerequisite(s): MA100 Medical Terminology; MA110/AP101 Anatomy and Physiology; MA115/AP105 Anatomy and Physiology; MA120 Medical Law and Ethics; MA150 Basic Insurance; MA160 Medical Keyboarding/Transcription; MA180 Medical Office Administration/Medisoft; MA212 Coding & Billing**

MA230 Electronic Medical Records Management – 4.5 Credit Hours

This course is designed to introduce the student to the basics of medical records management. This course introduces the student to the basics of medical records management and provides an opportunity to put administrative skills learned in previous coursework into practice in a simulated medical setting using electronic health care records (EHR). It also allows the student to learn about EHR management practices and a variety of software programs and used in this process. Students are exposed to the medical billing process, including the flow of information from preregistering patients through collecting on overdue accounts, information technology in medical offices, and HIPAA. Types of electronic management systems will be explored along with their impact on various areas of the healthcare system. **Prerequisite(s): MA100 Medical Terminology; MA110/AP101 Anatomy and Physiology; MA115/AP105 Anatomy and Physiology**

MA298 Externship – 4.5 Credit Hours

Students will be assigned to a physician's office, clinic or other healthcare setting where they will utilize the essential skills they have developed throughout their program. This experience is designed to provide students with actual on-the-job learning activities in the medical back office environment under the direct supervision of local healthcare professionals. **Prerequisite: Must have a 2.0 cGPA in all completed core courses**

MAA250 Pathophysiology - 4.5 Credit Hours

Pathophysiology is a study of how normal physiology processes are altered by disease. This course will include causes of disease, neoplasms, congenital diseases, urinary system diseases, reproductive system diseases, digestive system diseases, respiratory system diseases, circulatory system diseases, nervous system diseases, endocrine system diseases, musculoskeletal disease, skin, eye, ear and childhood diseases, pain management and holistic health. **Prerequisite(s): MA100 Medical Terminology; MA110/AP101 Anatomy and Physiology; MA115/AP105 Anatomy and Physiology**

MAA260 Pharmacology – 4.5 credit hours

The student will discuss the various types of drugs and become familiar with the forms by which medications are administered. The student will learn to identify the most common medications by classification and the body system that they are most commonly used for. **Prerequisite(s): MA100 Medical Terminology; MA110/AP101 Anatomy and Physiology; MA115/AP105 Anatomy and Physiology. MAA250 Pathophysiology**

MAA270 Clinical - 4.5 Credit Hours

This course is designed to instruct Medical Assisting students in routine procedures for the physical exam. Proficiency will be developed in taking vital signs, including blood pressure readings, temperature, pulse and respiration. Students will learn and practice draping for physical exams, aseptic techniques, measurements and taking the medical history. Universal precautions will be practiced at all times. This course is also designed to instruct Medical Assisting students in assisting with minor surgical procedures, performing EKGs, administration of injections using subcutaneous, intradermal, intramuscular, and z-tract techniques. Cardiopulmonary Resuscitation certification will be provided by a Certified Red Cross instructor. Office emergencies will be discussed. Students will perform procedures according to Procedure Competency assigned by Instructor. **Prerequisite(s): Must have a 2.0 cGPA in all core courses.**

MAA280 Laboratory - 4.5 Credit Hours

This course is designed to provide advanced skills for the medical assistant. Lecture and laboratory class will acquaint the student with various pathological agents, which cause disease in humans. Diagnostic testing will include culturing and staining for identification, blood testing for antigens, antibodies and glucose, staining of white blood cells for differentiation counts, performance of hematocrit and hemoglobin lab tests. Urine will be tested and stained for microscopic sediments. The instructor will assign each student a pathogenic agent to prepare a report for the class. **Prerequisite(s): Must have a 2.0 cGPA in all core courses.**

Tuition and Fees

An application fee of \$50 is payable with all campus-based applications for admission. This fee along with all monies paid is refundable within three working days, exclusive of weekends and holidays.
